To benefit the professional rates, a Kbis extract from the company dated less than 3 months will be requested for the creation of the customer account.

Each submission must be accompanied by an entrust (submission form indicating the goods entrusted and the analyses requested). It is possible to download it online in the «Submit your stones» section.

For each submission, a deposit slip will be given to you summarizing your request. This document is **mandatory** for the restitution.

For details of each service, visit our website, in the section «Understanding LFG Reports». For gradation of colour and clarity, all diamonds submitted to the laboratory must be unset (not on jewellery) and cleaned.
